Project Manager | Tech Operations & Cross-Functional Delivery

Felekedawit11@icloud.com | +251 970 437 830 | Addis Ababa, Ethiopia

PROFILE

Project manager with 4+ years delivering cross-functional programs across tech operations, education, sports, and media, from concept to close, on time and under pressure. Managed agency-side delivery at Pinnacle AI for RIDE, beU delivery, and Solar 23, with all three engagements delivered on schedule. Also run an education consultancy as founder since 2021, including Future Quest, a scholarship and visa platform now serving 2,000+ students across 30+ countries. Previously led institutional partnerships with NBA Africa and international embassies, plus a multicultural team of 8 across 6 nationalities in Poland with no shared native language. Comfortable owning the full delivery chain: scope, budget, timeline, stakeholder alignment, and last-mile execution. Fluent in Agile and Kanban environments. Native Amharic, C2 English.

EXPERIENCE

Project Manager (Part-Time)

May 2024 - Apr 2026

Pinnacle AI | Development, design & consulting agency | Remote

- Managed agency-side delivery across three concurrent client engagements, RIDE, beU delivery, and Solar 23, each delivered on schedule.
- Grew with the team to a peak of 20 members, coordinating cross-functional delivery across design, engineering, and strategy.
- Managed competing priorities across the three accounts through disciplined planning, stakeholder communication, and delivery tracking.

Head of Content & Communications

2023 - 2024

Bana Records | Addis Ababa, Ethiopia

- Rebuilt the label's content pipeline, introducing Kanban-based workflows and release schedules that eliminated last-minute production chaos and grew international streaming reach.
- Directed a cross-functional creative team of 3 across concurrent release cycles, setting up quality gates and approval workflows that reduced revision cycles.
- Owned all content OKRs, including stream targets, release frequency, and audience growth, moving output from ad-hoc drops to a consistent, deadline-driven cadence.

Special Project Manager

2022 - 2023

Carlos Thornten Sports Enrichment Center | Addis Ababa, Ethiopia

- Negotiated and closed 5 institutional partnerships with schools, embassies, and NBA Africa, securing full program funding and delivering sold-out training camps for 200+ youth athletes.
- Led cross-functional stakeholder management across all active partners simultaneously, aligning branding, event logistics, and delivery on rolling sprint cycles with zero missed program deadlines.
- Designed end-to-end programs from proposal writing to last-mile execution, coordinating 200 athletes and 20 coaches per event through structured project tracking in Notion and Trello.
- Directed all external communications and content production, building the academy into a trusted international youth sports partner in Addis Ababa.

Founder & Managing Director

Jul 2021 - Present

Headway Travel Firm | Addis Ababa, Ethiopia

- Built a profitable education consultancy from zero, placing 100+ students across 20+ repeat institutional clients, profitable from year one with zero external investment.
- Managed end-to-end project delivery across visa processing, application timelines, and pre-departure logistics, handling concurrent active cases within a 3-6 month delivery window per student.
- Defined and tracked client KPIs, including admission rates, processing timelines, and satisfaction scores, via Google Workspace dashboards to ensure on-time milestone completion.
- Scaled from solo founder to a team of 7 by implementing Agile-style sprint planning to manage peak intake seasons and eliminate bottlenecks.

Future Quest - Scholarship & Visa Platform (quest-future.com)

- Led development from 2022 through its 2024 launch of a self-service platform helping students remotely find and apply to scholarships, study visas, and work permits.
- Now serving 2,000+ students across 30+ countries, with \$4.2M+ in scholarships secured and a 96% visa success rate.

Group Leader & Project Coordinator 2019 - 2021

Wyższa Szkoła Gospodarki | Bydgoszcz, Poland

- Led a cross-cultural team of 8 people from 6 countries through a community health outreach program, planning workshops, coordinating with local clinics, and delivering public health education with no shared native language.
- Developed backward-planning and scope-control instincts under real operational pressure that now underpin every project run since.

PROJECTS

Website Design & Development, Freelance 2026

Frame by Frame (Media Production Company) | Addis Ababa, Ethiopia

- Designed and deployed a full company website for Frame by Frame as an independent freelance engagement, handling the project end to end from build through launch.
- Sustained an average of 40-80 visits per month after launch, with client feedback specifically praising the site's ease of navigation and usability.
